ONEPAPER

## ABOUT BITCOIN GALAXY

In recent years we have witnessed the growth of the world wide web. It has transformed lives and created new economies. Unfortunately, it has also allowed a small group of people to control the thoughts and expressions of others. Bitcoin Galaxy aims to solve this problem.

To address the risk of censorship, as well as reduce the cost of running and protecting dynamic online content, we have turned to blockchain technology to solve this issue.

Finally we have a real solution that will allow us to harness the power of the blockchain, and decentralization. We call it, NEXT WEB.

## THE NEXT WEB PLATFORM

The NEXT WEB platform is the next incarnation of the world wide web. It takes what we love about the web, and adds decentralization to it, thereby taking the power away from large corporations, and placing it back into the hands of the people.

### A DECENTRALIZED WEB FOR EVERYONE

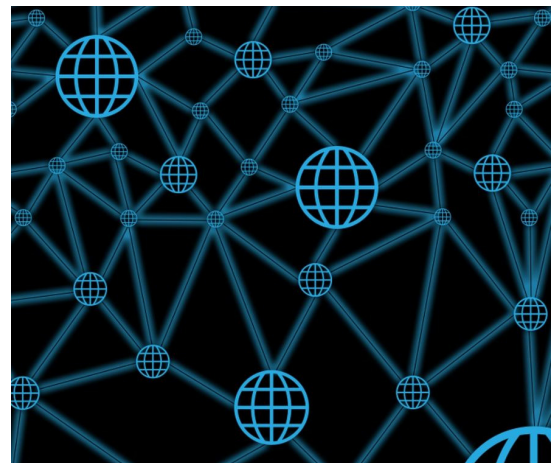

- No Middle Man server operators
- Only the content originator can access content
- Fast, Secure And Simple To Use Back end

### DESIGNED FOR ANTI-CENSORSHIP

- Prevents censorship of information and free speech
- Supporters can help cluster data to prevent censorship
- Bitcoin Galaxy will enable anonymous network transactions

### BY THE PEOPLE FOR THE PEOPLE

- Not Controlled By Governments Or Corporations
- Owned, Operated And Re-Distributed By The People
- Supply And Demand Determine The Value Of Bitcoin Galaxy

The worst  
part of  
censorship is
